

First, I'd like to let you know how much the Airl radio station touches my life. It brings some sanity to this crazy world we live in. Hearing people focused on positive things is a great help through the day for me.

Second, Having this station change and to make it less available to the public would limit it's voice. I believe in freedom of speech, but some people just say anything on the airwaves, the Airl station is a project of love, spreading kind loving words, spreading Faith where it is lacking, giving hope to those who need it desperately. As it is a listener supported station I believe it's enough to look at how the audience is willing to keep it on the air. To limit it would be wrong. (in my eyes) The positive voice of Airl has transformed me and brought hope to my life where sometimes it was lacking due to the news of the day, the local news, cnn, all the normal channels of news tend to focus on what's going wrong with this world. It's refreshing and needed to give the people of this nation Faith based radio. Please keep it flowing freely. Thank you for letting me voice my opinion.

Have a good day!
